

HDR Student Application for International Travel Pre– Approval and Risk Assessment Level 3 and Level 4 Destinations

The thresholds for international travel to be approved will include the following considerations:

- Can the travel be delayed/rescheduled?
- How does the travel benefit your HDR study?
- Destination country reciprocal medical coverage availability.
- [Smartraveller](#) advice level of your destination*.
- Assess personal travel/leave component.

Process for international travel applications

International travel to destinations [Department of Foreign Affairs and Trade](#) deem as advice 'Level 3 - Reconsider your need to travel' or 'Level 4 - Do not travel' require Principal Supervisor, College HDR Coordinator and College Vice-President and Executive Dean (VPED) approval. Level 4 also requires approval by the Vice-Chancellor. Requests to the Vice-Chancellor's Office must be submitted via a Senior Executive Team member (VPED of the College).

It is unlikely that requests to travel to '[Level 4 - Do not travel](#)' destinations will be approved.

If your travel is to a Level 3 or Level 4 destination, please complete this form, seek Principal Supervisor and College Higher Degrees Coordinator approval before sending the full application and attachments to your VPED/Portfolio head. Level 4 destinations will be sent by a SET member (VPED of the College) to the Vice Chancellor for consideration. The process for HDR students who wish to undertake international travel for research purposes:

1. Assess DFAT's [Smartraveller destination travel advisory](#) for the proposed country.

5. After approval is granted, flights are to be booked either through the [university approved travel management company](#) (if fully funded by the university) OR through the desired travel booking method.
6. Register for [Student Travel Insurance](#).
7. Both the approving supervisor and the student should retain a copy of the approved form throughout the student's candidature.
