

Information for NURS8823 CaFHN students - ACT placements

Information for NURS8823 CaFHN students – ACT

Placements that are to be undertaken within [ACT Health](#) will be negotiated by the student at the venue level (to gauge availability) and confirmed via the [ACT Health Student Placement Online](#) system. This will be completed by your WIL Support Officer. Please provide details of the venues, people, and location of your planned placements with this in mind.

Placements can be undertaken with hosts outside of ACT Health, with other non-Government organisations (such as Indigenous health services). Please approach them independently to enquire about placement opportunities.

If decided to undertake placements in SA, please contact the Placement Team asap.

Student Placement Agreement between Flinders University and the venue

A Placement Schedule or Student Placement Letter of Agreement must be in place for each venue you wish to complete your placement with. This will be completed by your Flinders University WIL support officer once you have provided the contact details and evidence of the organisations willing to host you.
