

**Information for NURS8823 CaFHN students - NSW**

The Placement Team can request a placement within NSW Health via the ClinConnect Portal. Please pay close attention to the time frames and preferred method to deliver the pre-placement information they require to confirm your placement. [Click here to access the NSW Health Clinical Placement information page](#) including their pre-placement requirements, and their FAQ page.

Please let the Placement Team know your preferred placement dates and locations.

Placements can be undertaken with hosts outside of NSW Health, with other non-Government organisations (such as Indigenous health services). Please approach them independently to enquire about placement opportunities.

If decided to undertake placements in SA, please contact the Placement Team asap.

**Student Placement Agreement between Flinders University and the venue**

Placement Schedule or Student Placement Letter of Agreement must be in place for each venue you wish to complete your placement with. This will be completed by your Flinders University WIL support officer once you have provided the contact details and evidence of the organisations willing to host you.
