

Information for NURS8823 CaFHN students - QLD

Working with Children's Checks or Blue Card

Blue Cards are not usually provided to those who are registered nurses. Please upload your valid AHPRA Nurse Registration to replace in lieu of the WWCC.

How to organise a placement

Flinders University has affiliate agreements with various Hospitals and Health Services in Queensland. The Placement Team can assist you in securing the placement with individual Health Services.

[Click here to access the QLD Health 'preparing for your Clinical Placement' page.](#) Please read that very carefully to understand your requirements as a student in QLD Health.

Placements can be undertaken with hosts outside of QLD Health, with other non-Government organisations (such as Indigenous health services). Please approach them independently to enquire about placement opportunities.

If decided to undertake placements in SA, please contact the Placement Team asap.

Student Placement Agreement between Flinders University and the venue

Placement Schedule or Student Placement Letter of Agreement must be in place for each venue you wish to complete your placement with. This will be completed by your Flinders University WIL support officer once you have provided the contact details and evidence of the organisations willing to host you.
