

Tasmanian placements

Information for NURS8823 CaFHN students - TAS

Placements that are to be undertaken within [TAS Health](#) will be negotiated by the student at the venue level (to gauge availability). Once confirmed, the Placement Team will liaise with the venue to sign a student placement agreement.

Placements can be undertaken with hosts outside of TAS Health, with other non-Government organisations (such as Indigenous health services). Please approach them independently to enquire about placement opportunities.

If decided to undertake placements in SA, please contact the Placement Team asap.

Student Placement Agreement between Flinders University and the venue

Placement Schedule or Student Placement Letter of Agreement must be in place for each venue you wish to complete your placement with. This will be completed by your Flinders University WIL support officer once you have provided the contact details and evidence of the organisations willing to host you.
