

Pre-Placement Compliance Checklist

Placement compliance requirements are an industry pre-requisite for all students and health professionals prior to entering any health facility. Students will not be allocated a placement until all compliance criteria are completed and provided to the College of Nursing and Health Sciences WIL Placement Team.

Student Responsibilities

- All documents must be valid for the entire duration of your placement. Clearances and certificates have expiry dates as noted below and must be renewed prior to placement allocation.
- Upload all required documents via [InPlace](#). Consult the [InPlace User Guide](#) for help.
- Complete any additional venue specific compliance requirements, as requested.
- Check address (Semester) & mobile number is up to date on Student Management System

Please refer to the Compliance Deadline found on the website [NURS8823 Placement Website](#) for the deadline to upload your documents to InPlace.
