

Tuberculosis Clearance by General Practitioner (NT requirement)

This form is to be completed by a General Practitioner (GP). It is **ONLY** for students attending a placement in the Northern Territory

Student name: _____ Student ID: _____

I declare that:

- An IGRA (Interferon gamma release assay) blood test (also known as QuantiFERON-TB Gold Plus / QFT-Plus) has been undertaken for the above-named student.
- I have assessed the IGRA results and **(tick one box only)**:

<input type="checkbox"/>	<ul style="list-style-type: none">• The IGRA result was negative (≤ 0.35) and• The student is not immune suppressed <p>On this basis the student has completed their TB screening requirement for their Northern Territory placement.</p>
<input type="checkbox"/>	<ul style="list-style-type: none">• The IGRA result was positive (> 0.35) and/or• The student is immune suppressed <p>On this basis the student is not suitable to undertake a placement in the NT and must follow the SA Tuberculosis Services Student Healthcare Worker Screening Process (contact your College WIL Team).</p>
