Bachelor of Behavioural Science (Psychology) – Suggested Template 2020 - Midyear entry

This suggested study plan must be read in conjunction with the Course Rule for the Bachelor of Behavioural Science (Psychology) degree at http://www.flinders.edu.au/courses/rules/undergrad/bbsc_home.cfm

Students must complete a major sequence in Psychology plus a second major in one of 12 specified disciplines (see below).

Suggested template for Mid-year entry students in BBSC to be completed in three and a half years.

Due to the high level of sequencing of the Psychology topics across the degree, students will not be able to start the Psychology major until Semester 1 of year 2.

If you wish to discuss this further, please contact the Director of Studies for the degree (contact information provided below).

Read in conjunction with the BBSC Course Rule, please also read the guidelines for your chosen 2nd Major

Not all topics are necessarily available each year.

# Important Note: If you are interested in either Disability and Community Education, Health Studies, or Neuroscience as a second major, please seek academic counselling from the Director of Studies prior to starting second year due to the strict sequencing requirements of those majors.

In addition to the core and option topics for Psychology, and the core and option topics for the 2nd Major, there is space in your degree to undertake other elective topics - to make a total of 108 units. Elective topics may be selected from any offered by the University, provided entry and course requirements are met. Within the 108 units at least 27 units but no more than 45 units of year 1 topics must be included. This plan must be read in conjunction with the Course Rule for the
