

## Graduate Certificate in Chronic Condition Management

This **suggested** study plan must be read in conjunction with the Course Rule for the Graduate Certificate in Chronic Condition Management at:

**Course Rule:** <http://www.flinders.edu.au/courses/rules/postgrad/gcccm.cfm>

Students undertake 18 units of study and the program must be completed in one semester full-time or up to four consecutive semesters part-time.

<b>Two semesters (part time)</b>	<b>Semester 1</b> (9 units)	<b>Core Topic</b> <a href="#">MHSC8111</a> Managing Chronic Conditions - Self-Management Support Approaches	<b>Core Topic</b> <a href="#">MHSC8114</a> The Person's Experience of Self-Management
	<b>Semester 2</b> (9 units)	<b>Core Topic</b> <a href="#">MHSC8112</a> Implementing Change in Healthcare Systems Supporting Chronic Condition Management	<b>Option Topic*</b>

### \*Option topics

Student must select 4.5 units from the following option topics:

[MHSC8113](#) Education and Training for Chronic Conditions Self-Management (Semester 1 & 2)

[MHSC8115A](#) Chronic Condition Management for Specific Conditions, Contexts or Populations A (Semester 1 & 2)

[MHSC8116](#) Client-Centred Health Behaviour Change (Semester 1 & 2)

Or by negotiation with the Course Coordinator students may undertake an alternative option topic chosen from other existing programs (Primary Health, Health Promotion, Disability Studies etc.)
