Below is listed what you must complete for this course, together with study plans showing the recommended sequence of topics over 1 semester if you are studying full time. The order of topics may be changed in any way you like PROVIDED that topic prerequisites have been met when you do any particular topic.

This program cannot be completed full time if commencing in Semester One.

Suggested study plan for full time students commencing in Semester Two:

Semester 2 Start

Semester 2	POAD8022 Public Management	POAD8130 * Toolkit for Public Management	POAD9034 * Risk Management in the Public Sector	POAD9037 or POAD9135 *
-------------------	--------------------------------------	--	---	-------------------------------

* Students can apply to replace these 3 topics with the 13.5 unit Public Policy Internship (POAD9140). Internship places are limited. Where demand is greater than supply, internship places will be allocated based on student GPA.

Students wishing to undertake the public policy internship should contact the topic coordinator, Associate Professor Cassandra Star, preferably 8 weeks before the semester start date. This allows time to choose an internship project, to apply to the agency, to undertake an interview with the internship agency, and to allow time for security checking processes by the agency, as required.
