

Master of Biotechnology

This **suggested** study plan must be read in conjunction with the course rule at:

www.flinders.edu.au/courses/rules/postgrad/mbt/

To qualify for the Master of Biotechnology, a student must complete 72 units with a grade of P or NGP or better in each topic, according to the following program of study as below.

Year 1 topics

<p>Non-Semester 1:</p> <p>BTEC8001 BioBusiness</p> <p>Semester 1:</p> <p>BIOL8004 DNA to Genome GE</p> <p>Option topic (4.5 units selected from the list below)</p>	<p>Semester 2:</p> <p>BTEC8003 Legal, Ethical and Social Aspects of Bioscience GE</p> <p>BIOL8005 Protein to Proteome GE</p> <p>BTEC9006 Professional Skills for Biotechnology</p> <p>Option topic (4.5 units selected from the list below)</p>
--	---

Year 2 topics

<p>Semester 1:</p> <p>BTEC9000A Biotechnology Research Project (Medicine) AND</p> <p>BTEC9000B Biotechnology Research Project (Medicine) AND</p> <p>BTEC9000C Biotechnology Research Project (Medicine)</p> <p>OR</p> <p>BTEC9700A Biotechnology Research Project (Biology) AND</p> <p>BTEC9700B Biotechnology Research Project (Biology) AND</p> <p>BTEC9700C Biotechnology Research Project (Biology)</p> <p>Plus Option topic (4.5 units selected from the list below)</p>	<p>Semester 2:</p> <p>BTEC9000D Biotechnology Research Project (Medicine) AND</p> <p>BTEC9000E Biotechnology Research Project (Medicine) AND</p> <p>BTEC9000F Biotechnology Research Project (Medicine)</p> <p>OR</p> <p>BTEC9700D Biotechnology Research Project (Biology) AND</p> <p>BTEC9700E Biotechnology Research Project (Biology) AND</p> <p>BTEC9700F Biotechnology Research Project (Biology)</p> <p>Plus Option topic (4.5 units selected from the list below)</p>
--	--

Option - Year 1 & 2 topics:

Semester 1:

- [BTEC8002](#) Molecular Biotechnology
- [BTEC9008](#) Industrial and Pharmaceutical Biotechnology GE
- [BTEC9010](#) Medical Biotechnology GE
- [BTEC9011](#) Plant Science to Food Biotechnology GE
- [BTEC9012](#) Environmental Biotechnology GE

Semester 2:

- [BTEC8007](#) Protein Biotechnology
- [BIOL9013](#) Integrating Molecular Biosciences GE[^]

[^]Enrolment into this topic requires the permission of the Topic Coordinator.

This document is accurate as of November 2018.
