Please retain these Conditions of Award as this document forms part of your agreement with the University.

1 INTRODUCTION

The Research Training Program (RTP) Scholarship was established to support students undertaking a Higher Degree by Research (HDR).

The RTP provides three modes of funding support and scholarship recipients will receive one or more of these benefits:

- tuition fee offset;
- stipend for general living costs;
- allowances related to the ancillary cost of research degrees.

PURPOSE

The purpose of the scholarship is to enable a suitably qualified graduate to carry out, under the supervision of members of staff appointed by the College, a program of study leading to a Higher Degree by Research.

2 ELIGIBILITY

2.1 To be eligible for an Australian Government Research Training Program Scholarship (AGRTPS), a student must:

- be an Australian citizen; or a New Zealand citizen or an Australian permanent resident at the closing date for applications; and
- be enrolled, or be seeking to enrol, as a full-time student in a Higher Degree by Research at Flinders University.

3 APPLICATION

Applications for an AGRTPS will be called for in September of each year, with a closing date at the end of October. Applications are made via the Student system available via the Flinders University website and OKTA portal.

4 SELECTION

Selection of award holders will be undertaken by the Scholarships Committee on the basis of academic merit and research potential.

The Committee will determine the recipients for the standard stipends, and up to 7 AGRTPS Excellence stipend recipients. The AGRTPS Excellence stipends are intended to support research that aligns with, and contributes to the development of a College Research Theme.

Applications will be ranked according to the University's Guidelines for Ranking Postgraduate Research Scholarship Applications.

The University will give priority to students undertaking a doctoral degree for the first time.

Also refer to section 4.2 of the RTP Scholarships Administrative Rules for RTP Stipend selection criteria.

5 TENURE

- 5.1 An AGRTPS is tenable for:
- three years full-time in the case of Research Doctorate students; or
 - two years full-time in the case of Research Masters students.
- 5.2 An extension to the duration of an AGRTPS for a Research Doctorate student of up to six months may be approved by the Scholarships Committee provided the student is making satisfactory progress, and the grounds for the extension relate to delays to the study and are beyond the control of the student. Research Masters students are not eligible for an extension.
- 5.3 A part-time AGRTPS holder may be approved by the Scholarships Committee only if the student has exceptional circumstances. Exceptional circumstances relate to significant caring commitments or a medical condition which limits the student's capacity to undertake full-time study. Part-time scholarships are not available to applicants seeking to undertake paid employment.
- 5.4 A part-time AGRTPS holder may be approved by the Scholarships Committee if the student is undertaking Commercialisation Training Scheme training concurrently with their Higher Degree by Research.
- 5.5 Part-time AGRTPS holders are expected to progress at half the rate of full-time award holders. Part-time award holders may revert to full-time study at any time with the approval of the Scholarships Committee.
- 5.6 The tenure of the award will be adjusted for:
- Research Masters students who upgrade their candidature to a Research Doctorate during the tenure of the award;
 - Research Doctorate students who downgrade their candidature to a Research Masters during the tenure of the award;
 - Award holders who have completed periods of study towards the degree for which the scholarship was awarded before accepting their AGRTPS;
 - Award holders who undertake periods of study towards their degree whilst on intermission from their AGRTPS.

6 STIPEND

The AGRTPS pays a stipend at the standard rate set by the Australian Government which is indexed annually. In addition to the standard rate scholarships there are up to 7 AGRTPS Excellence stipends. The AGRTPS Excellence stipends will be awarded by the Scholarships Committee to those undertaking research in an area that will contribute to the development of a College's Research Theme.
